Gemaks Mimarlik – Akdeniz, Mersin 05/2006 - 09/2015

Architect

This company was an architectural and engineering company. I have designed more than 100 private

projects like residences, houses, store buildings, fabric buildings etc.

- The steps were like that;
- The customers bring us the title deed
- We search the zoning status certificate in the municipality
- Then designing step start till we make deal with the customers
- After we finish the architectural design the engineering projects start
- The rendering work starts
- We submit all the projects to the municipality to take the building license
- The customer and the contractor start the construction

Megey Mimarlik – Altindag, Ankara

Architect

02/2005 to 01/2006

I was the owner of this architectural company. I designed the private buildings and started to build

the construction and work there as an architect and construction supervisor.

Piramit Mühendislik – Çankaya, Ankara 10/2003 - 10/2004

Architect

Bahar Aydınlatma – Altindag, Ankara 07/2001 - 10/2001

Architect

It was my first job. The company designed lighting fixture.

I was one of the architect in the company that design and draw these new lighting fixture.
